

## JUDGE'S OPINION

I've long admired the smart looks, comfortable interior, meaty engines and on and off-road refinement of the Sorento, so it came as no surprise to me that it received top marks on each judge's list. The package is simply fantastic and for the price you won't find a better deal anywhere. Everyone was struck by how well designed the Kia is, how well put-together it is and most importantly how proficient it is in sticky, tricky off-road situations. Yes, there are those who will be put off by the badge, but more fool them, they're missing out on driving one of the best cars currently found on the market.
